

ARE YOU OVERSPENDING ON ACCESSORIES TO PROTECT YOUR TRAYS?

STRIP DOWN ACCESSORIES AND REGAIN CONTROL OF YOUR BUDGET

As trays get heavier you may be forced to look at accessories to protect these trays.

It can be costly to add corner protectors, towels, soaker sheets, and other accessories that take over your control of the Sterilization budget.

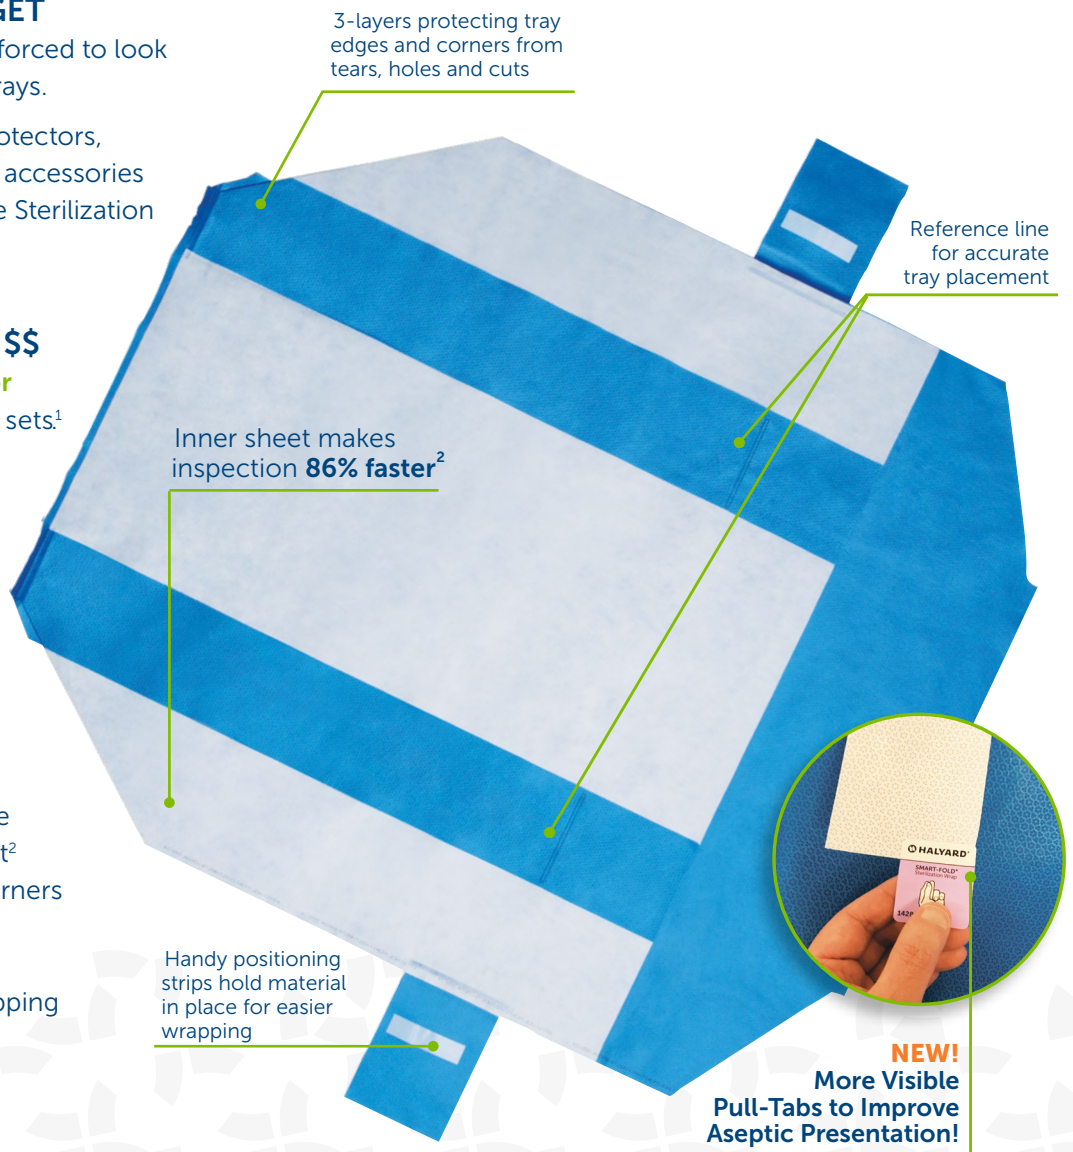

ACCESSORIES COST YOU \$\$

Today, **40% of hospitals use 4 or more accessories** in instrument sets.¹

Overspending on accessories places an unnecessary burden on your SPD budget – and could nearly **double the cost** of each finished wrap.

SMART-FOLD* HIGH PERFORMANCE STERILIZATION WRAP

SMART-FOLD* high performance wrap is 3 times more tear-resistant² with reinforced zones around corners and edges. Using SMART-FOLD* can minimize or eliminate costly accessories, streamline tray wrapping and can ultimately help reduce reprocessing costs.
